	A01-12-050	Southern California Gas Company (U 904-G), for Modification or Clarification of Resolution G-3304.

Summary: On August 27, 2003, Leslie Katz, Regional Vice President, Regulatory Affairs, Sempra Energy Utilities (SEU), met with Peter Hanson, advisor to Cmmr. Brown, in San Francisco. Also present were Belinda Gatti, advisor to Cmmr. Brown, and Dave Gilmore, Regulatory Attorney, and Jeff Hartman, Director, Energy Markets and Capacity Products, for SEU. Gilmore explained why Southern California Gas Company (SoCalGas) believes that Cmmr. Wood's alternate contained the proper legal analysis in confirming the Commission's intention in Resolution G-3304 to prevent all noncore customers from switching to core or core subscription service effective January 1, 2001, regardless whether a customer had requested core or core subscription service prior to the effective date of the Resolution. Gilmore also explained why Cmmr. Wood's alternate reaches the correct public policy outcome so that the Commission retains its authority to suspend transfers of service during times of emergency, and why it would be appropriate for the Commission to issue an advisory opinion in this particular matter.

9/2/03	A03-06-040	Southern California Gas Company (U 904-G), in compliance with Resolution G-3334 for a System of Firm, Tradable Receipt Point Capacity Rights and related provisions.
--------	------------	--

Summary: On August 27, 2003, Leslie Katz, Regional Vice President, Regulatory Affairs, Sempra Energy Utilities (SEU), met with Manuel Ramirez, advisor to Cmmr. Wood, in San Francisco. Also present were Trina Horner, advisor to Cmmr. Lynch, and Dave Gilmore, Regulatory Attorney, and Jeff Hartman, Director, Energy Markets and Capacity Products, for SEU. Written material (attached to the notice) was used. Katz stated that the Firm Rights Application (Preferred Case) allows firm tradable rights without unbundling and was submitted in order to address changed market circumstances. Gilmore commented that if a motion to strike is granted, the option of tradable rights without unbundling would be eliminated. Harman stated that Southern California Gas Company (SoCalGas) recognizes that simultaneous implementation, while preferable, is not essential if it means sacrificing development of a complete record. Gilmore pointed out that although many issues relating to implementation of the

Comprehensive Settlement Agreement (CSA) have been resolved, significant obstacles still remain. Gilmore asserted that allowing a record to be developed on the Preferred Case makes the most sense in terms of adequately addressing the change in market conditions.

9/5/03 A03-07-032 Southern California Edison Company, for Approval of a Power Purchase Agreement under PUHCA Section 32(k) between the Utility and a wholly-owned Subsidiary and for Authority to Recover the Costs of such Power Purchase Agreement in Rates.

Summary: On September 3, 2003, Pearlie Sobino of the Office of Ratepayer Advocates (ORA), met with Michael Campbell, advisor to Cmmr. Lynch, in San Francisco. Also present were Scott Logan and Robert Cagen, for ORA. Written material (attached to the notice) was used. ORA representatives discussed the size and location of the proposed project and the lack of a cost-effectiveness or need analysis offered by applicants, and the inability of other parties to provide cost-effectiveness input because of a lack of information. Cagen and Logan discussed the affiliate rulemaking decision and the KRCC decision prohibiting the application relief. Cagen discussed the advantages of utility-owned generation and unaffiliated generation to Mountain View. Cagen also noted the impracticality of the schedule Southern California Edison Company is seeking to impose on parties and the Commission.
